Nottingham Ring Road

Improvement Scheme

Building a better Nottingham

Nottingham Road / Radford Road junction works, from 24 July

Works to improve the Nottingham Road junction on the Ring Road, by introducing new crossings for pedestrians and cyclists and upgrading the existing traffic signal equipment, have been taking place since June.

New traffic light equipment is now due to be installed starting on 24 July 2014.

Motorists are advised that four-way temporary traffic signals will be in operation 24 hours a day for the duration of the works. Please allow extra time for your journeys through this area. Local bus routes will be unaffected.

This work is expected to be completed by early August. Carriageway resurfacing works are scheduled to take place at this junction in the autumn.

We apologise in advance for any inconvenience these works may cause you. We would like to assure you we will do all that we can to keep disruption to a minimum.For more information about these works, please contact us on (0115) 924 24 54, email ringroad@nottinghamcity.gov.uk or visit the website www.nottinghamcity.gov.uk/ringroad
