

Nottingham Road resurfacing works from Saturday 8 November 2014

Works to upgrade the crossing facilities and replace traffic signal equipment at the Nottingham Road / Valley Road junction, as part of the Nottingham Ring Road Improvement Scheme were substantially completed in August 2014. Final resurfacing works will now take place at this location over two consecutive weekends; **8 - 9 November** and **15 - 16 November 2014.**

There will be no access to/from the Ring Road at its junction with Nottingham Road. Signed diversion routes will be in place for access to/from the Ring Road. Alternative routes will be via Vernon Road, Radford Road and Wilkinson Street for traffic travelling from Bulwell/Old Basford and North Gate and Radford Road for traffic travelling from New Basford (see plan over the page).

Traffic on the Ring Road will be maintained throughout the works, however temporary lane restrictions will be in place controlled by Stop / Go signs. **Motorists are advised to allow extra time for their journeys or to follow an alternative route where possible**.

Crossing facilities

The traffic signals at the Nottingham Road junction will need to be switched off during the above weekend works and the crossing facilities will not be in use. Alternative crossings at Radford Road, Scotland Road and Silverdale Road can be used.

Bus services

Bus services 68 / 69 / N68 / 70 / 71 and Local Link L12 will be affected by the above restrictions on the dates above.

Outbound bus routes that normally cross the Ring Road using Nottingham Road will be diverted along North Gate and Radford Road (and vice-versa for inbound routes).

Service L12 outbound will operate via the normal route as far as Hucknall Road, terminating at bus stop SH47 (just before the Valley Road roundabout). The inbound route (towards The University of Nottingham) will turn around at the Hucknall Road roundabout then travel along Hucknall Road, turn then use Perry Road and Nottingham Road to its normal route at Sherwood Rise.

Nottingham Road Bus stops BA82 (opposite Fox Grove), BA26 and BA35 (near to Perry Road) will not be in use for the duration of the works. **Updated** Users of Bus stop BA82 should use BA05 located on Vernon Road outside of Kia Motors. More information on NCT bus services can be found at www.nctx.co.uk or by contacting (0115) 950 60 70.

We apologise in advance for any inconvenience that these works may cause you, and would like to assure you that we will do all that we can to keep disruption to a minimum.

For more information about these works, please contact us on (0115) 924 24 54, email ringroad@nottinghamcity.gov.uk or visit the website www.nottinghamcity.gov.uk/ringroad
