Dear Sir/Madam

A453 Construction Works – Traffic signal loop cutting at Crusader roundabout 7, 8 and 9 April.

We are writing to make you aware that through the night on Tuesday 7 April 8pm through till 5am on Wednesday 8 April, Wednesday 8 April 8pm through till 5am on Thursday 9 April and Thursday 9 April 8pm through till 5am on Friday 10 April, we shall be undertaking saw cutting through the road surface to lay the loop connections for the traffic signals in and around Crusader roundabout.

Over these three nights we will be working in the following locations:

- Crusader roundabout itself
- Crusader west splitter islands and on the eastbound carriageway approaching Crusader from Mill Hill
- Crusader east splitter island and adjacent The Leys field.
- Clifton Lane approaching Crusader roundabout

Lane closures will be necessary and, as we are not permitted to close roads during daytime hours, the work will need to take place at night. The work will be noisy so we apologise in advance for any disturbance you experience. Our usual mitigation measures will be in place, however please use the contact details below should you wish to speak to a member of our construction or liaison team.

To contact our liaison or construction team: Monday to Wednesday - Claire Brough (Mon-Wed) cbrough@laingorourke.com 01322 738122, Wednesday to Friday - Luke Mitchell (Wed-Fri) lmitchell@laingorourke.com or our night manager, Peter Byrne on 07823 362 474. Alternatively please contact the Highways Agency's Customer Contact Centre (formally HAIL) on 0300 123 5000.

Yours faithfully,

A453 Widening Site Team,
Urban Section

Keep in touch with the A453 Widening Scheme

- Meet the A453 Team surgeries, next sessions: Wednesday 8 April and Wednesday 20 May.
