Nottingham City Council

Environment Act 1995 Part IV Section 83 (1) & (2)

Nottingham City Council

Nottingham No. 2 Air Quality Management, 2002 (Nitrogen Dioxide) Variation Order

Nottingham City Council, having reviewed air quality within its area in accordance with Section 82 Environment Act 1995 ("the Act"), now, in exercise of the powers conferred upon it by Section 83(1) of the Act makes this Variation Order.

This Variation Order may be cited/referred to as the Nottingham No.2 Air Quality Management Area Variation Order 2010 and shall come into effect on 22nd day of June 2010.

This Order alters the boundaries of the designated area defined in the Nottingham No.2 Air Quality Management Order, 2002 (Nitrogen Dioxide) and comprises the area shown on the attached map edged in black which is hereby designated as the varied Air Quality Management Area (the designated area). The map may be viewed at the Council Offices .

The designated area is described in the Schedule below.

This area is designated in relation to a likely breach of the nitrogen dioxide annual mean objective as specified in the Air Quality Regulations 2000.

In the case of conflict between the wording of this Variation Order and the map, the map shall prevail.

This Variation Order shall remain in force until it is further varied or revoked by a subsequent order.

SEAL ORDER BOOK No: 70352

Schedule

The designated area which may be referred to as the Nottingham No.2 Air Quality Management Area 2010 comprises the area shown edged black on the attached map, and the boundary of the designated area shall be the inner edge of the line enclosing the area.

The designated area comprises three areas of the city:

i) City Centre - North

Starting from a point **(A)** at the junction of Burton Street and South Sherwood Street the Nottingham No 2 AQMA boundary line extends north along South Sherwood Street (E side) on to North Sherwood Street to its junction with Forest Road East. The boundary crosses to Forest Road East (NW side) to its junction with Mansfield Road, then turns north and continues on Mansfield Road (W side) until opposite Redcliffe Road. It crosses Mansfield Rd and continues eastwards on the southern edge of Redcliffe Road (S side) to the rear of Aeneas Court and then turns south. The boundary line continues south at the rear of Aeneas Court, Mansfield Court and Minster Court, crosses St Andrews Road and continues south at the rear of Wyndham Mews. It then curves round the property line and then south-west to pass on the south-east side of 7 Chestnut Grove.

The line follows Chestnut Grove (W side) crosses Mapperley Road to the rear of 7 Villa Road and then turns south-west to follow a passage at the side of 3 Villa Road. The line continues south-east and crosses Villa Road, on to the junction of St Anns Hill Road and Alfred Street North. Then continuing south-eastwards it follows St Anns Way (W side) then Shelton Street to the junction with St Anns Well Road, at which point the line turns south and continues along St Anns Well Road (NW side) to the junction with Bath Street (S side), point **(B)**.

The continuation of the boundary line - westwards from **(A)** and south-east from **(B)** to points **(C1)** and **(C2)** respectively is described in the City Centre – Central section below.

ii) City Centre – Central

From **(A)** the boundary line follows Talbot Street (S side) westwards to the junction with Wollaton Street, and then passes north-west to the rear of Canning Chambers and Canning Terrace premises and those at 4 to 96 Alfreton Road. At which point it turns south-west to continue along Wood Street (SE side) passing the west side of 32 - 36 Woodgate Court onto Ilkeston Road, crosses Ilkeston Road and continues southwards along Hermon Street (E side) to meet Derby Road.

The boundary then turns eastwards on Derby Road (S side) to the junction with the Ropewalk and follows the northern side of The Ropewalk, College Street and North Circus Street to meet Derby Road. It turns east to the junction with Upper Parliament Street and continues eastwards in parallel with and, approximately 40 metres south of Upper Parliament Street to the junction with Milton Street and Lower Parliament Street.

The boundary continues along Lower Parliament Street (S side) and turns south along Clinton Street (E side), then east on Lincoln Street (N side) then south along George Street (E side) turning east onto Lenton Street (N side) then High Cross Street (N side). It then turns south along Heathcoat Street (E side) and then east along Goose Gate (N side) to near the junction with Belward Street.

The boundary then turns south and continues to near Trivett Square at which point it turns west to meet Cliff Road. It continues along Cliff Road (N side), turns south along Popham Street (E side) then west along Canal Street (N side).

The boundary continues westwards along Canal Street (N side) then Castle Boulevard (N side) and turns north at The Gallery building. It then follows Hope Drive (S side) and Fish Pond Drive (S side) and turns south to pass by the west side of 15 Fishpond drive and rejoin Castle Boulevard (N side). The boundary continues along Castle Boulevard (N side) for approximately 70 metres then turns south and crosses the road and passes to the rear of the depot building. It then turns east and follows the north side of the canal to the point **(C1)** where it meets London Road.

From point **(B)** the boundary line continues south-east along Bath Street (S side) then turns south to follow Gedling Street (W side), Freckingham Street (W side), Southwell Road (E side) onto Lower Parliament Street. It continues on Lower Parliament Street (E side) to the point **(C2)** where it meets London Road.

The continuation of the boundary line – south from points **(C1)** and **(C2)** is described in the City Centre - South section below

iii) City Centre – South

From **(C1)** the boundary line turns south and continues along London Road (W side) to Queen's Road and then follows Queen's Road (S side) to the junction with Arkwright Street, at which point it turns south and then east following the outline of the building on the junction. The boundary then continues eastwards along the rear of the buildings and The Hicking Building to rejoin London Road.

It then turns south and continues along London Road (W side) to Victoria Embankment. The boundary then turns south west along Victoria Embankment (SW side) and then south east to pass the rear of the public house then north-east to rejoin London Road.

The boundary crosses London Road and continues north-easterly to the walkway between 36 and 37 Quayside Close and continues to meet the canal. It continues to the north-west following the canal (S side) to Meadow Lane. The boundary turns south-west along Meadow Lane (S side) to meet London Road then turns and continues north along London Road (E side) to the point **(C2)** where it meets Lower Parliament Street and completes the perimeter of the Nottingham No.2 Air Quality Management Area 2010.

Note: Points (A), (B), (C1) and (C2) are marked as reference points on the map purely for the purposes of clarity and are not part of the Air Quality Management Area.
