

Thank you

Thank you for filling in this survey. Please tear off the feedback form, fold and sent it back to us by Monday 21st July 2014

The postage has been pre-paid for you.

We are grateful for all the suggestions we receive. Every single one will be carefully considered and, if practical and affordable, may become part of our future proposals. Once we have received and analysed your comments we will feedback the results within a consultation letter.

Improving road safety on

Bells Lane

Have your say on road safety

Nottingham City Council

Nottingham City Council wants to hear your views on how we can improve road safety in your area.

In response to road traffic accidents and concerns raised about speeding vehicles along Bells Lane, Nottingham City Council has committed funding to address this matter. Since January 2008 there have been 24 people injured in road traffic accidents reported to the police along Bells Lane. Just under half of the casualties were vulnerable road users, such as pedestrians, cyclists, mopeds and motorcycle users. We are interested to know the experiences of local residents who use this road regularly; your views will help us shape our proposals to make sure we deliver a scheme that meets your needs.

To have your say on road safety along this route we would be grateful if you could spare a few minutes to complete this short survey.

If you need more information about the information in this leaflet please contact:

Paul Williams on (0115) 8765227 or email road.safety@nottinghamcity.gov.uk

Question 1

Please provide your full post code (e.g: NG2 3NG) .....

Below is a list of road safety measures.
Please let us know what you think about introducing each of these on Bells Lane:

✓ Please tick a circle for each	Strongly in favour	In favour	Neither agree or disagree	Dislike	Strongly dislike
Put in average speed cameras to enforce the 30mph speed limit.	○	○	○	○	○
Improve the existing zebra crossing – e.g. by raising the crossing and providing brighter LED flashing beacons.	○	○	○	○	○
Install Vehicle Activated Signs (signs that flash speed or a warning as vehicles go past).	○	○	○	○	○
Improve the existing central refuge crossings.	○	○	○	○	○
Improve the bus stops – e.g. by raising kerbs, adding shelters or introducing bus stop markings.	○	○	○	○	○
Put in double yellow lines to stop inconsiderate/ dangerous parking.	○	○	○	○	○
Install a series of raised traffic calming features – e.g. speed cushions or round top road humps.	○	○	○	○	○
Consider introducing parking bays on sections of Bells Lane to discourage parking on the footway	○	○	○	○	○

Question 2

If there was one change you could make to improve road safety along Bells Lane what would it be, where and why?

What change would you make?
