Assessment against Local Criteria

1. Age: 1840 – 1914
2. Asset type: place of worship
3. Group value: with Sunday school though the school does not meet the Local List criteria.
4. Group value: with the other non-conformist chapels in Basford built in the late nineteenth century, Basford Road Baptist church evidences the development and strength of non-conformist religions in Nottingham and its suburbs

Reason for Designation

An example of a late nineteenth-century Baptist chapel, being built to seat 500. With other churches in the area, Basford Road Baptist evidences the popularity of non-conformist religions in Nottingham at this time but also denominational divisions. The building of a Sunday School demonstrates the contribution of churches to education for working class children.
