Assessment against Local Criteria

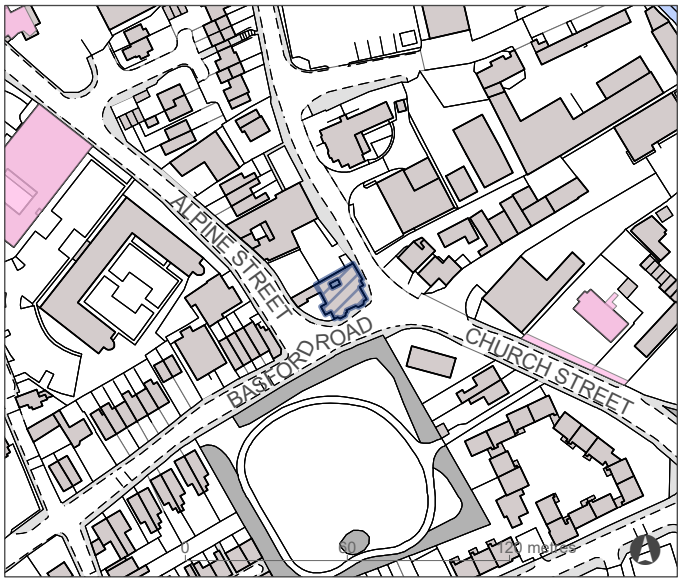

1. Age: 1914 – 1960, with aesthetic value
2. Aesthetic value: a 1920s building combining mock Tudor timber framing with a green tiled façade to the ground level.
3. Landmark status: on the corner where Church Street, Alpine Street and Basford Road (formerly High Street) meet.

Reason for Designation

A landmark building on a corner site in an historic area of Old Basford at the heart of the medieval village on high land. Evidential value for potential older fabric within, but the current building is a 1920s rebuild with tiled ground floor façade and mock Tudor timber frame above.

Local Heritage Asset Register

Basford HA93

Additional Description:

The Swan Inn has occupied this site since at least the 1880s, but a pub may have been on the site for much longer. An alterations scheme by architect William Betts in 1905 reveals the original form and footprint was completely different to the building that stands today – a 1926 rebuild by well-known Nottingham architect W B Star & Hall.
