| **Status:** | Recommendation to add |
| **Age:** | Victorian (1837-1901) |
| **Conservation Area:** | No |
| **Date added to the list:** | |
| **Condition:** | Good |

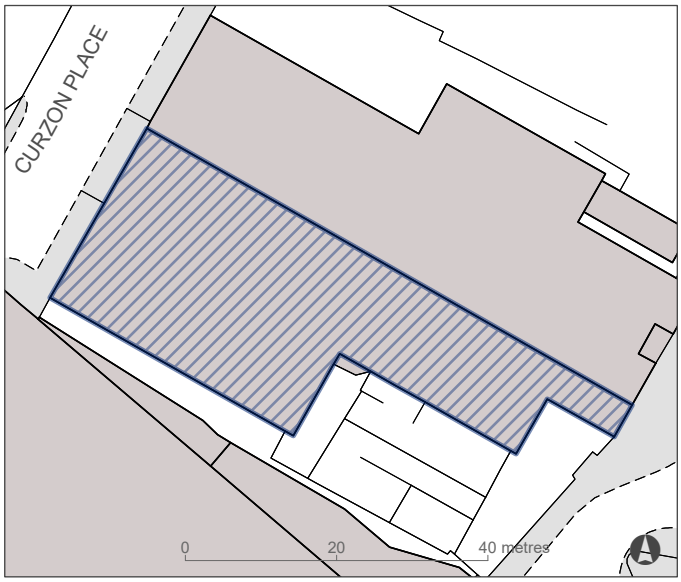

### Assessment against Local Criteria

1. Age: 1840-1914
2. High Aesthetic Value
3. Good example of an urban power station and an important survival of late Victorian or Edwardian tram infrastructure

### Reason for Designation

Good aesthetic survival demonstrating late Victorian and Edwardian tram infrastructure

Local List Proposal

### Description

Tram Power Station built in the 1890s/1900s in an attractive mixed Jacobean and Classical style with brick and stone dressings. The Power Station extended over two modern properties. This entry represents the original Power Station with an extension to the north which was later much altered and converted to a dance hall.
